UNIVERSITY OF CALIFORNIA, SANTA CRUZ

TRAINING PLAN AND EMPLOYEE CAREER PATHS
INTRODUCTION:

The UC Santa Cruz Police Department has an interest and responsibility for the continual growth and development of its personnel. Through a combined effort in the areas of professional training and personal education, we believe an employee can achieve both professional and personal excellence and career goals. By so doing, the police department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

PURPOSE:

The purpose of the UC Santa Cruz Police Department Training Plan and the Succession Plan is to:

1) Meet Mandated, Essential and Desirable training requirements;
2) Enhance the level of law enforcement service to the public;
3) Increase the technical expertise and overall effectiveness of our personnel;
4) Provide for continued professional development of department personnel.

The Training Plan is designed to identify the training needs and set priorities for the training needs of every rank/position and task/specialized assignment within the Department. The Plan should be used as an objective tool that assists with bringing uniformity and consistency to training, while providing employees with the greatest opportunity for success. It is a tool to be used by supervisors and managers on a regular basis, in their effort to meet the training needs of their employees, and/or evaluating training requests from employees.

The Police Department will strive to use a broad spectrum of training sources for the educational and professional development of its employees. Whenever possible, the Department will use courses certified by the Commission on Peace Officer Standards and Training (P.O.S.T.)

It is understood that the Training Plan in no way identifies all of the training that will occur for the members of the UC Santa Cruz Police Department. Additionally, it does not guarantee that a member will receive all of the training that has been identified for his/her position, with the exception of the training that has been identified as Mandatory.

To make professional and personal goals possible to the employee, the Department has placed an emphasis in two areas:

1) Law Enforcement Professional Training
2) College Education

LAW ENFORCEMENT PROFESSIONAL TRAINING:
Law Enforcement Professional Training is comprised of two categories of training. The first category refers to those courses certified by California Peace Officers Standards and Training (P.O.S.T.). These courses are available for both sworn and non-sworn personnel, whose job description supports the need for specified or requested training.

Some of the P.O.S.T courses in this category are reimbursable to the General Fund by the State of California in varying degrees based on their "plan" designation. The categories of expense/allowances that may be reimbursed are: subsistence, commuter lunch, travel, tuition, back-fill salary and training presentation costs. The five reimbursement plans that have been adopted by P.O.S.T. are designated as Plan I, II, III, IV, and as follows:

P.O.S.T has implemented a forty-hour cap per year for reimbursable training. There are several courses, which are exempt from the forty-hour cap. These courses are listed in Appendix A.

In addition to typical classroom settings, P.O.S.T. training is also available through the P.O.S.T. Learning Portal (www.post.ca.gov), videos/DVDs and other interactive computer programs.

The second category of Law Enforcement Professional Training refers to training certified by P.O.S.T., but not reimbursable, in-house training and training provided by outside agencies and vendors.

This training includes defensive tactics, range training, etc. In-house instruction is the responsibility of the UC Santa Cruz Police Department and is spearheaded by the Training Sergeant. This type of training provides "hands-on" continuing professional training to department employees. Monthly training bulletins are distributed to each employee through Lexipol. The training bulletins contain a variety of law enforcement information, such as legal updates and health advice, along with refresher information on the current police department policy manual. Roll call training topics include practical case law application, equipment proficiency, street tactics, standard operating procedures and policy review.
Other forms of non-P.O.S.T. training are offered through different vendors such as HIDTA, Fred Pryor Seminars and others. This training is not reimbursable, but frequently very beneficial for the professional development of the employee.

**COLLEGE EDUCATION:**

The Chief of Police and the University of California Santa Cruz are very supportive of its employees obtaining a formal college education. All personnel of the UC Santa Cruz Police Department are encouraged to pursue their educational goals.

**TRAINING BUREAU:**

The Department's Training Bureau is responsible for coordinating the delivery of Law Enforcement Professional Training to sworn and non-sworn personnel. A sergeant is responsible for the day-to-day operations of the Bureau and is directly supervised by the Lieutenant. The Training Sergeant is also responsible for ensuring training compliance with P.O.S.T. regulations, federal and state statutes and University policy.

The Training Sergeant will coordinate scheduled training with the supervisor(s) of the employee. The Training Sergeant will normally make class reservations and any applicable hotel, airline or car reservations and will be the responsibility of the Business Unit with help from the attendee. The sergeant will submit all of the necessary paperwork to Business Unit of the University of California Santa Cruz Police Department in compliance with the purchasing policy.

The Training Sergeant will notify each employee as soon as possible of scheduled training through the use of the *Training Management System (TMS)* Inter-Office Memo. This memo will provide the course title, date, time and location of the training. The Training Sergeant will distribute remaining paperwork approximately one to two weeks prior to the training. If the scheduled training is a P.O.S.T. certified course then a Training Reimbursement Request (TRR) form must be submitted to the instructor of the course. This form will be provided to the employee and it is the responsibility of the employee attending the training to submit this form. This is the mechanism that allows the State of California to reimburse the University of California.

The POST Learning Portal provides annual and bi-annual mandated training on a variety of tasks. The Training Manager assigns these training opportunities via email and TIMS and are posted on the Training Calendar. Most of this training is self-paced by the student. However, participation in the training must be verified in two ways. First, the student must print the verification of viewing document and forward it to the Training Manager. Second, the Training Manager must facilitate a review of verified learning with the student. This can be accomplished in person or through the student’s supervisor. Each of the trainings that have a corresponding facilitated mode have questions that must be reviewed with the student by a supervisor or the Training Manager.
These questions should be uploaded digitally into TIMS (Training Information Management System) with a corresponding entry in the Training Log in TIMS verifying that the training and the review have taken place.

The Training Manager is responsible for this process and for accurately tracking all training on the POST Learning Portal platform. This tracking will necessitate the Training Manager creating course rosters for each digital learning exercise on the class as provided on the POST EDI website at the following address: https://edinet.post.ca.gov/course_rosters/list_presentations.

Training Management System (TMS)

This is a computer software program utilized by the Training Sergeant to track all departmental training. The Training Plan for both “Rank and Task Assignments” has been entered into this software program. It is important that notification and documentation of all training be forwarded to the Training Sergeant to insure that information is entered into the TMS program. This allows for the Training Sergeant to conduct Training Plan and P.O.S.T. training compliance reports for all employees. With this capability, the Training Sergeant can identify training deficiencies according to the Training Plan.

ORGANIZATION OF THE TRAINING PLAN:

The Training Plan is divided into two sections:

**Section 1: Rank/Position Assignment:**
This section of the Training Plan contains a list of all sworn and civilian rank/positions within the structure of the police department.

**Section 2: Task/Specialized Assignment**
This section of the Training Plan is an alphabetized list of all task/specialty assignments within the Department for both sworn and civilian assignments.

Within each section the training courses are categorized as follows:

**MANDATED**
Training in this category is required by Federal law, State law and/or Department policy. Unless otherwise noted, this training should be completed within one year of appointment to the position.

**ESSENTIAL**
This training has been designated by the Department as necessary for the professional development of an employee in his/her specified rank and/or task assignment.
**DESIRABLE**

Upon completion of the mandatory and essential courses, an employee may pursue additional interests in their law enforcement training. The Department will make a positive effort to accommodate an individual's desired career path, with consideration for the needs of the Department and anticipated employee career direction.

In many instances an employee will be simultaneously guided by multiple sections of the Training Plan. An example would be a police officer currently assigned as a Field Training Officer. That employee will need to meet the training needs of both the Police Officer rank assignment and the Field Training Officer task assignment.

**CONTINUOUS PROFESSIONAL TRAINING (CPT):**

Continual Professional Training (CPT) is required for peace officers and dispatch personnel who are employed by POST participating departments. The purpose of CPT is to maintain, update, expand, and/or enhance an individual's knowledge and/or skills. CPT is training that exceeds the training required to meet or re-qualify in entry-level minimum standards.

Every peace officer other than a Level III reserve peace officer, public safety dispatcher, and public safety dispatch supervisor shall satisfactorily complete the CPT requirement of 24 or more hours of POST qualifying training during every two-year CPT cycle, beginning January 1, 2009.

**Perishable Skills/Communications Requirement for CPT:**

Effective January 1, 2002, all peace officers (except reserve officers) below the rank of lieutenant and assigned to patrol, traffic, or investigations who routinely effect the physical arrest of criminal suspects are required to complete Perishable Skills and Tactical Communications training. In-lieu of completing the training, the requirement may be met by successfully passing a presenter-developed test that measures the approved training objectives.

Perishable Skills training shall consist of a minimum of 12 hours in each two-year period. Of the total 12 hours required, a minimum of 4 hours of each of the three following topical areas shall be completed:

- Arrest and Control
- Driver Training/Awareness or Driving Simulator
- Tactical Firearms or Force Options Simulator

Communications training, either tactical or interpersonal, shall consist of a minimum of 2 hours in each two-year period.

It is recommended that managers and executives complete, within their two-year compliance cycle, two hours of CPT devoted to updates in the perishable skills topical areas enumerated above.
PROFESSIONAL CERTIFICATES and LICENSES:

The University of California Santa Cruz Police Department recognizes the importance of well-equipped and trained personnel. This includes assisting Department members in obtaining the appropriate professional certificate(s) awarded by the Commission on Police Officer Standards and Training.

The Department, through the Training Manager, is responsible for insuring that all personnel receive their basic certificate. Due to the numerous combinations of training, education and experience that would qualify individuals for certificates other than the basic it is the individual’s responsibility to contact the Training Manager if they feel they are eligible for an upper level certificate.

To qualify for award of certificates, applicants shall have completed combinations of education, training and experience as prescribed by the Commission.

(a) Training Points: Twenty classroom hours of police training acknowledged by the Commission shall equal one training point. Such training must be conducted in a classroom or other appropriate site, in increments of two hours or more, taught by a qualified instructor, concluded with appropriate testing, and for which records are kept.

(b) Education Points: One semester unit shall equal one education point and one quarter unit shall equal two-thirds of a point. Such units of credit shall have been awarded by an accredited community college, college, university, or until January 1, 1998, by a non-accredited, state-approved college that offers programs exclusively in criminal justice (refer to Regulation 1001(a) for definition of acceptable college education).

(c) All education and training must be supported by copies of transcripts, diplomas and other verifying documents attached to the application for POST certificate. Units of credit transferred from one education institution to another must be documented by transcripts from both such educational institutions. When credit is awarded, it shall be counted for either training or education points, whichever is to the advantage of the applicant.

(d) Training acquired in completing a certified Basic Course may be credited toward the number of training points necessary to obtain the Intermediate or Advanced Certificate. When education points as well as training points are acquired in completing the Basic Course, the applicant may select, without apportionment, the use of either the education points or the training points.

(e) For the Regular or Specialized Certificate Programs, law enforcement experience in California as a full-time, paid peace officer shall be accepted for the full period of such experience.
(f) In other law enforcement categories (e.g., out-of-state or military law enforcement experience) the required experience shall be accepted by the Commission, not to exceed a maximum of five years. The experience must be documented and the name of the organization(s) indicated, years of service, duties performed, and types of responsibility.

(g) The Supervisory, Management, and Executive Certificates each require two years of satisfactory experience. Middle management experience shall be substitutable for supervisory experience. Department head experience may substitute for middle management or supervisory experience. An aggregate of four years' of experience (with at least two years of experience at the higher rank) is required to receive both the Supervisory and Management Certificates; an aggregate of six years' of experience (with at least two years of experience at the higher rank) is required for all three certificates to be awarded.

An applicant must acquire the certificate upon completion of probation but within 24 months of date of hire. If the local probation period is 24 months, an additional 3 months shall be allowed for obtaining the certificate.

In addition to the requirements set forth in the P.O.S.T. Administrative Manual (PAM), the applicant for the award of the Regular or Specialized Basic Certificate must:

(a) If employed after January 1, 1988, have satisfactorily completed the period of probation, of no less than one year, as attested to by the department head. The Executive Director shall have the authority to determine the manner in which the time periods are calculated, when there is change of employers, injury, illness, or other such extraordinary circumstances over which the applicant or department may have little or no control.
