335.7 MUTUAL AID

The experiences of other law enforcement jurisdictions that have implemented similar plans indicate an AMBER Alert or Blue Alert will generate a high volume of telephone calls to the handling agency.

The Sheriff's Department Emergency Communications Bureau facilities and staff can be made available in the event of a high call volume.

If the Shift Supervisor or Detective Bureau Supervisor elects to use the services of the Sheriff's Department, the following will apply:

- (a) Notify the Sheriff's Department Shift Supervisor of the incident and the request for assistance. He/she will provide you with a telephone number for the public to call.
- (b) In the press release, direct the public to the telephone number provided by the Sheriff's Department Shift Supervisor.
- (c) The Public Information Officer will continue to handle all press releases and media inquiries. Any press inquiries received by the Sheriff's Department will be referred back to this department.

The University of California Santa Cruz Police Department shall assign a minimum of two detectives/officers to respond to the Sheriff's Department Emergency Communications Bureau to screen and relay information and any clues received from incoming calls. As circumstances dictate, more staff resources from the handling law enforcement agency may be necessary to assist the staff at the Emergency Communications Bureau.
